

FRED HAWMAN - IN MEMORIAM

On 15 February 2018 Fred Hawman passed away after losing his battle with the big C. Fred will always be remembered as a member that involved himself, he was always willing to assist and help where he could and do so unselfishly and never expected something in return.

Fred since the day he joined the Club attended events, made a plan to be there, sometimes with ALL his Volvos! He had a nice 122, a P220, a 144, a 164 and a 1800S. He also had a few other cars in his collection.

The one year I did the Volvo Walk to Vryheid, and true as njannies forgot my toothbrush and toothpaste...so the Saturday morning with a foul breath went looking for toothpaste, Fred was there for me, and made it abundantly clear that he will share his toothpaste with me but not his toothbrush!

Fred also attended every Saamtrek since becoming a member (looking back it looks like 2011 onwards), and there as well always willing to assist and also made many positive contributions to the Club at the AGM. When we were looking for someone to take the newsletter, he offered

assistance, when looking for a treasurer he offered assistance. He also ensured that each year there are gifts for those members that enter their Volvos for judging, and it was expensive gifts! Pocket knives, fire extinguishers, car wash packs.

On behalf of the Club, the members and the committee our sincerest condolences to the loved ones, family and friends, Fred will be sorely missed by all, not for what he did for the Club, but for he was! May he rest in peace. Our gratitude for what he did was also demonstrated by members arriving at his memorial service in Volvo's paying the last respects to a great man.

MOST VOLVO OWNERS KNOW WHERE TO GO

As leaders in Volvo sales & services since 1974 and proud supporters of Historic Racing, Tom Campher Volvo Cars Johannesburg offers all customers exceptional service in sales and after-sales.
